

Mount Helena Run Top Five Times

Only partial race results are available from about 1982-2000.

Therefore, the Masters' records rely heavily on post-2000 race results, and will be updated if complete records from earlier races become available.

The original race course in 1975 and 1976 was only 5.3 miles, and the race was shortened to 5.5 miles in 2007 due to construction.

Therefore, results from these years are not eligible for record times.
